

## Share Your Heart Relief for Haiti

February 5, 2010

Dear Parent/Parents,

The Royal View Elementary students actively participated in brainstorming ideas in order to join the rest of the world in sending aide to Haiti. We had many ideas that came across our desks from raising money through bake sales to collecting toys/clothes for the children. We accumulated all the ideas and decided to join the Hearts for Haiti relief effort team from Royal Redeemer Church located in North Royalton.

In the upcoming months, there will be a team from Royal Redeemer who will be traveling to Haiti to assist in the reconstruction of the medical clinics. The team is taking along Health Kits, which will contain supplies that have been destroyed in the earthquake.

With this in mind, Royal View will be voluntarily collecting specific supplies for the Health Kits during the weeks of **February 8-19**. To make sure we have collected enough of the items in order to create a Health Kit, each classroom has been designated a specific item from the list below. Later in the month, Student Council will help with categorizing the Health Kits.

This act of heartfelt kindness in assisting Royal Redeemer with their relief effort for Haiti provides our children with the opportunity of understanding that when we act locally, it helps others globally.

Thank You,

Dr. Lasko—Principal

Ms. Kleem-School Counselor

### **The Following is a list of supplies needed to create the Health Kits**

**Band-Aides-----Room 110**

**Med. Size toothpaste---Rooms 118 & 114**
